

Friday

Dorling - mine,

I went over to Cufley Towers last evening and didn't have a chance to write to you - so here's a short note.

Your lovely letter was received eagerly last evening, and all the news digested. Everything sounds grand! Hooray for a weekend in the country! Only don't get buying that barmaid too many doubles or our finances will go on the rocks. Tell her she's got to drink beer and like it!!

I think your arrangement for Saturday is best - and so I will sit tight in the office until I get your phone call and we will proceed together to 95 The Drive.

I am on FireGuard as

Saturday night so after tea we
can come up to town together
again and I'll see you safely off.

The weather is warming up
again. Wind in the west - and
with any luck we should get

some wonderful walks in next
weekend. I love that part of
the county.

Cheer up - we're lucky!
You wait hear me beeping!

I love you sweetheart,

Clare

P.S. Until tomorrow.

OPEN by cutting Label in of tearing Envelope.
