Dear Leslie,

As promised here  
are the snaps, sorry to have  
been such an age sending  
them but they have taken  
quite a time to be developed,  
the one of you all in the  
pond is rather distant but  
none the less quite good. I wonder  
where you will be when eventually  
these catch up with you, not too  
far away I hope and incidentally  
somewhere where the beer is good.  
Leslie and I enjoyed our holiday

very much and have now settled  
down to the everyday routine,  
in company with me she sends  
her kindest regards to all the  
boys and yourself.

Whenever you are posted  
lots of luck be with you and  
I wish you a safe journey with  
a speedy return to those you love.

Hoping you are well.

Yours Sincerely  
Bob.
