Friday.

Darling,

Here I am everywhere - that's me.
No time to stop & stare or write to
poppykins. I'm just a slave to my
work - aint' that a fact? .

Didya read the papers
today? All about denobbing is
all that. After devouring the
meagre facts printed, & putting
two o two together to make
as many as my hopeful &
wishful-chinking mind could
muster, I gathered that I
have a Group Member - 35-

& that after No I Group has
been called they will release
the others as & when. I also
gather that my age (after
thinking for number doubling
it, adding 2... etc), is 47
& I'm getting to be a 100 year
old in no time at all. Summing
it all up I find that I'm
no nearer knowing when I'll
be released that I was before,
& furthermore I'm still not
clear whether I shall be
released at the end of the
European War. You my sweet,
will no doubt have brought
the 'White Paper' all about it
& read same - perhaps you

3
can tell me more - huh?

The post-war minded ~~dear~~
these days. For instance - bomb
damages claim. Heard any
more honey? Perhaps a reminder
yes? no? All helps to swell
the kitty. Then again -
didn't talk of a War Gratuity.
Nice going. Bonus next eggs -
Income Tax Credits - Prize
money - cow! Shake hands
with a couple millionaires.
And to cap the lot, our nice
kind Government 'are going
to give us 5 week's pay
& leave + a civvy outfit
- aint that worth while - hm?

Went to the Quack Doctor
day about my throat. It
seems I have Laryngitis,
maybe chronic. I have to
be very quiet & relaxed
in speech & ~~work~~ fall,
I must not make-wor
in me.

I love you my darling
Daddy's thinking of you
always & he loves you
with all his heart -

truly so
Les
