

M.T.B. 764

Thursday.

Claire darling, I've only time for  
a very hurried note - I'd phone  
but I'm not sure that you're  
at the office, & I guess a wire  
might shock you. I've heard  
from Doris that Mother is very  
ill & I'm rather worried. I  
know that Doris is inclined  
to exaggerate & so would you  
be an angel & investigate.  
Let me know as soon as  
possible - by wire if you like  
& try to convince ~~me~~<sup>me</sup> that if

she'd only go into a nursing  
home it would make everybody  
very happy.

I've written to Mum & Doris  
& I've told Doris that if she  
needs any money she can  
draw on you.

This is all very depressing,  
angel & I'm sorry if I can't  
raise a smile this time - but  
you know how I feel about  
mother. This is one of those  
things.

All my love,  
Les.
